Date: 22-10-19

**Principal / Director  
All Constituent / Affiliated Colleges**

**Sub: - Filling of examination form**

As you are well aware that university is following the choice based credit system from 2016 batch onwards in which there is a flexibility that a student can opt for certain subjects in a semester where the remaining subjects can be studied in a later semester but the total number of credits earned must be as per requirement for obtaining the degree.

But it has been observed that some colleges have taught less number of subjects in a particular semester but the students have not studied that subject at a later stage and in the process they are not completing the required requirement of credits for getting the degree. It is therefore requested that care should be taken while filling the examination forms and ensure that all the subjects have been taught to the students to complete the required credits. For students whose subjects are pending should clear their exams in the coming Dec-2019 exams so that university can award the degree. In such old cases the university shall not consider these subjects as reappear & the students can clear the subject as a special case.

*Karanvir Singh 22/10/2019*
